Hometowneer Takes Prize At Claremont

Schmidt's Talk On "The Communist Problem" Wins Kiwanis Honors

Declared winner in the Kiwanis Division 10 forum contest held in Claremont last Thursday, Victor O. Schmidt, local attorney and prominent Kiwanian, was given a happy reception at the Sierra Madre luncheon meeting Tuesday noon.

"The club is proud of its victory over the 11 other clubs in the district," President William Middough said, "and it is even prouder of the fine work of Mr. Schmidt, who is one of our newest members, having joined only this year."

As winner of the contest, speaking on "The Communist Problem," Schmidt is eligible for the California-Nevada division contest which will be held during the progress of the convention in San Diego, October 18, 19 and 20. He was selected as the local club representative in the forum at a recent competition.

Charles N. Kennard, local authority on bees, gave an illustrated lecture on bees. Rudolph R. Hartman's film "Bees," which won several prizes in contests, was shown. Clarence Huntsinger was in charge of the program.

Dr. John L. Woehler, chairman of the election committee, will announce the new board members at the annual election of the Kiwanis Club next Tuesday. A new president, to succeed William Middough, will be selected by the new board at a special meeting at a later date.

The work includes parchment lamp shades, tooled leather, tapestry and painting, all kinds of needlework, cellophane work, working in oils and watercolors, etc. This class comes under the head of adult education and is furnished by the Board of Education free to anyone.

Camp Will Discuss Ballot Proposals At Forums Meeting

The Sierra Madre Forum will hold its first meeting for the current forum year on October 2nd. The meeting will be held at the Sierra Madre City Hall, and will begin at 7:45. Harold Carew will present one of his discussions of current events which proved of such great interest to forum members last year.

Judge E. W. Camp will also speak on the "Legal and Judicial Constitutional Proposals Appearing on the November Ballot." The forum intends to hold meetings each week during October, and to present speakers on the important proposed constitutional amendments which are to be presented to the voters of the State on November 6th.

The initiative proposals and constitutional amendments to appear on the ballot this fall are not only highly important to every citizen and taxpayer, but some of them are quite involved and the fact that a constitutional lawyer of Mr. Camp's high standing is to analyze them assures a large attendance at Tuesday's session of the forum.

Prowler Scared From Wright Home

The police were called to the home of Postmaster Jessica H. Wright, at 265 East Central avenue, when a prowler awakened Mrs. Edith Griffith about 3 a. m. Thursday morning. An unusual noise caused Mrs. Griffith to look out her bedroom window on the second floor of the house. She observed a man near the west kitchen window. Mrs. Griffith went downstairs and into the kitchen, where she could see the top of his head through a window. She called: "What do you want?" The sound of her voice frightened him away. He went west on Montecito avenue.

The prowler was described as about five feet four or five inches, of slight build, wearing a brown felt hat pulled over on one side and his suit appeared to be shabby.

Women Have Narrow Escape As Car Turns Turtle On Hill Road

Mistaking the foot throttle for the brake caused what might have proven a serious accident on Wednesday. Mrs. Daisy Endfield, driver of an Essex Sedan, which was found on its right side leaning against a tree in front of 306 Churchill Road, had been taken to her home, 405 Churchill Road, when Chief McMillan arrived on the scene. The two other occupants of the car, Mrs. Catherine Wysocki and Mrs. Florence Johnson, also of 405 Churchill Road, were still there. Mrs. Johnson complained of a sprained back and had a bruise on her cheek. She was taken to Dr. Groth's Hospital where her injuries were found to be not serious. Though badly shaken up the other women miraculously escaped injury.

From skid marks in the dirt it showed that the car had been travelling fairly fast when the brakes were applied and had turned end over end in the road, coming to a stop on its right side against a tree. The car is owned by J. J. Wysocki, of 405 Churchill Road.

Permits Call For Several Dwellings

Eight building permits have been issued for building and repairing in the last ten days in Sierra Madre. Mrs. C. N. Mishima will construct a residence to cost \$4500 at 62 West Olive street. Another permit called for a two car garage to be erected on the property. The owner is the contractor.

Walter Allen, of 102 East Mira Monte avenue, was given a permit to re-roof his home. The cost will be \$177 and the contract has been let to the Monarch Roofing Company.

The Woman's Clubhouse will be re-roofed at a cost of \$255, by the Monarch Company, which was also given a permit to repair the roof of the Good Food Grill, 66 West Central avenue.

R. E. Wright, of 497 West Grandview avenue, who is building an elaborate Mexican type home, has also been issued a permit to erect a cottage, to cost \$1500 on his property. Mr. Wright is the owner and contractor.

The Stanbery estate has a permit to re-roof a residence at 196 Santa Anita Court, at a cost of \$50.

John W. Lytle will re-roof the Dr. Maurice Friedman home at 499 West Central avenue.

C. M. Block, of 544 Oakdale Drive, will erect a garage to cost \$100.

Fall Campaign Gets Under Way Here As Headquarters Open

Jack Paschall, chairman of the Sierra Madre Republican Club, announced yesterday that campaign headquarters will be open at 3 Kersting Court, two doors from North Baldwin avenue, shortly after October 1st.

Mr. Paschall says an intensive and aggressive campaign will be carried on to poll a large vote for all the Republican candidates, with particular effort to roll up a large majority for Governor Merriam.

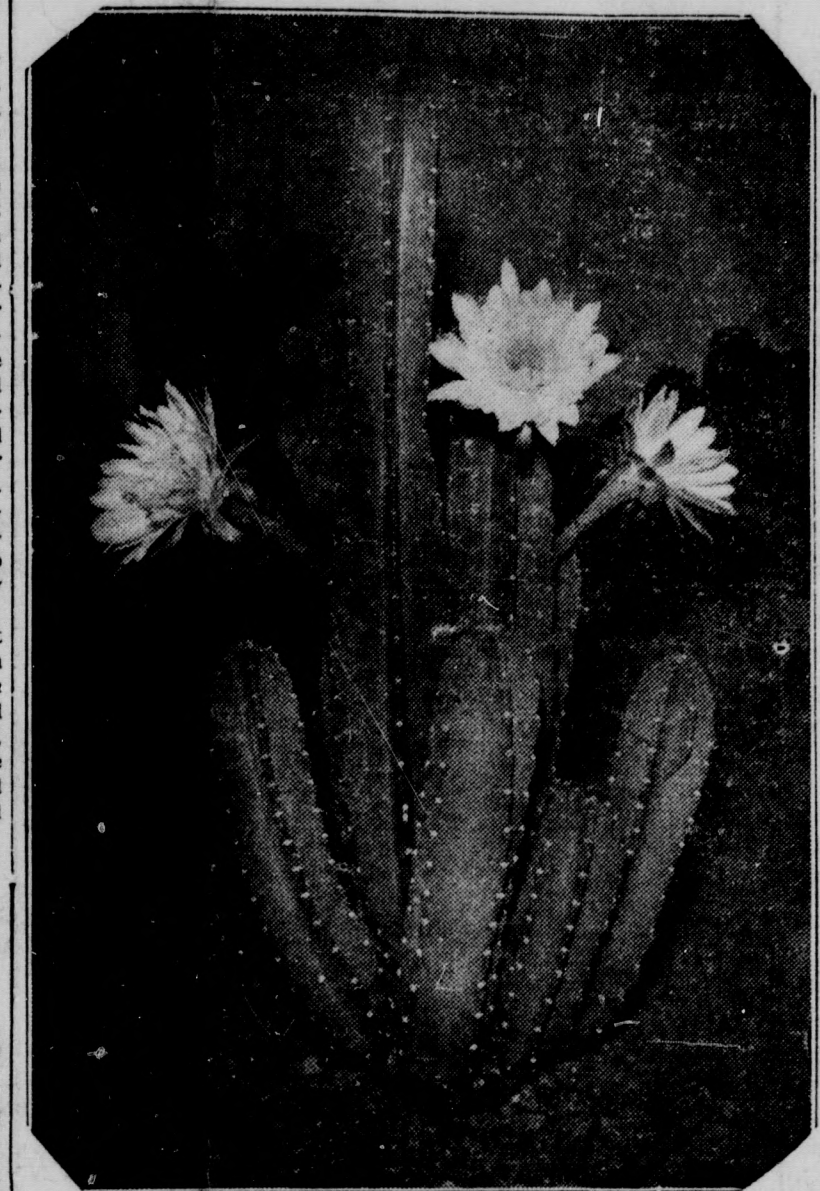

He also stated that Mrs. Cecily A. Allen, who directed the Women's Division in Sierra Madre in 1932 with such brilliant success, will again head that division during the present campaign. She will shortly call her committee together for discussion of the plans she has mapped out for effective work among the indifferent voters.

Democratic headquarters were opened this week at 24 West Central avenue with Russell Tyree in charge.

Observations By Lee Shippey

SORRY to see General Johnson step out of the NRA. He was the most outspoken man in public life. He told the San Francisco dock strikers it was civil war, rebellion against constituted authority and that broke the strike. He was honest and fearless and it isn't his fault that NRA hasn't fully succeeded. It's the fault of tens of thousands of employers who are giving their seven-hour-a-day NRA employees 10 hours work to do, and firing them if they don't do it.

RARE CACTUS IN PATIO OF MONASTERY BLOOMS AT NIGHT

Shimmering in the moonlight, as though offering thanks for their single night of life, three pearl white blossoms on the stalk of a rare night-blooming cactus in the cloistered garden of Mater Dolorosa Monastery unfolded in all their glory Thursday night before the enchanted eyes of Brother Gabriel.

In the garden of Brother Gabriel are over a hundred varieties of cactus, but of all the various kinds he was most interested in the single plant given him 18 months ago by a visiting retreatant. It was three weeks ago that Brother Gabriel first took notice of three little nobs on the original cutting. These tips were no larger than a finger tip. They grew slowly.

Thursday evening at 6 o'clock the buds began to unfold, and at 11 o'clock Brother Gabriel was rewarded for a patient vigil. The blossoms, when fully expanded, measured eight inches in diameter. By the next night their short life was ended, their fragile beauty faded away. But Brother Gabriel plans to carefully nurture the plant in anticipation of a second blooming next year.

The plant has attracted much attention from cactus fans and members of the Desert Conservation League. Mrs. Albert Sherman Hoyt, a leading member of that organization, has written the monastery requesting a picture of the blooms and announcing that she and a party of cactus growers are coming to visit the monastery cactus garden.

Local Teams Meet In Farewell Game Of Season Tonight

Tonight winds up the night baseball season for both Sierra Madre ball clubs. The local Legion and the Kiwanis teams will tangle under the lights of the home field.

One of the largest crowds of the ball season is expected for a squint at the farewell sport dish of the year. It is a fitting finale. Both outfits have been exceptionally strong in all departments this year. The Legionnaires came through with flying colors to win the honor of engaging Pasadena in the pennant series, only to finally drop the championship to the deserving Crown City players. Although the Kiwanians have dropped a couple in the progress of an extremely tough year, their average is high, they having popped over nearly all of their rivals.

Uniform Traffic Law Aim Of Judges New Organization

City Judge Tho W. Neale is a member of a State-wide organization of city judges formed during the convention of the League of Municipalities in Pasadena this week. "One of the first steps of the organization," said Judge Neale, "will be to petition the legislature for enactment of a uniform State-wide traffic law. At meetings of the judges this week a comparison of the traffic ordinances of cities and counties in various parts of the State showed an astounding and ridiculous variation."

"For instance the judge in Woodland reported that a heavy fine is provided by the ordinance in his city for driving more than 20 miles an hour, whereas when he came through Los Angeles he was warned by traffic officers to hit it up to 40 miles or be haled to court."

"Quite as ridiculous is the matter of fines for running through a boulevard stop. In some cities up north the fine is as much as \$50 for the first offense, while in other cities it is as low as \$2. "It was the consensus of opinion of the judges that minor traffic law violations should be taken out of the criminal and placed in the civil code, leaving only speeding, drunk and reckless driving listed as criminal offenses."

Boy In Runaway Auto Gives Thrill To Neighborhood

Mrs. Donald Eubank, of 21 West Grandview avenue, parked her car Wednesday morning on Grove street, just above Grandview avenue. She was very careful about applying the brakes, and returned to her home to attend to her usual household duties.

Half an hour later Junior Eubank decided that the car offered an unusual opportunity to appease his curiosity about mechanics. He climbed into the car pulled at the wheel, the clutch and other gadgets, and finally gave the emergency brake stick a yank. The car slowly but surely decided to travel.

Junior's yell—a wild, piercing cry that shattered the morning silence, aroused the neighborhood. Mrs. Eubank, and all the neighbors, ran to the street, in time to see the car, gaining momentum every foot, mount the curb and crash into a fence. Net damage—a broken fence.

Junior suffered not at all from the accident itself.

Want More Protection Against Fire

Forestry Lookout Here And Great Fire-Break Are Among Aids Planned

Warning his audience that to prevent disaster a closer co-operation is needed between the residents of Sierra Madre who enjoy and use the National forest and the fire prevention authorities, W. B. Mendenhall, superintendent of the Angeles Forest, spoke before a well attended public meeting in the City Hall here Monday night.

Superintendent Mendenhall, who has seen 23 years service in forestry work, stated that "Sierra Madre has a somewhat different problem than other communities. You are host to ten times as many people as many like areas, and you must assist in reconciling the high recreational use of your nearby forest and fire protection."

"We recognize Bailey Canyon and the Little Santa Anita as real threats because of the topography and the location of habitations, as well as the large amount of vegetable growth, we must all help control the situation before any actual danger of fire appears."

The speaker continued that plans for truck trails and pump line trails are being perfected by the Forest Service. He also illustrated the need for watershed protection and an adequate system of runoff for surplus water.

Colonel H. B. Hersey, chairman of the committee in charge of the meeting, introduced City Business Manager Al S. Myers, who presided. Councilman Lester K. Layton gave a short speech of welcome to those present. Mr. Myers, in introducing Mr. Mendenhall, remarked that the Supervisor had grown up in Pasadena, and so thoroughly understood the problems both of the city residents here and the Forest Service men.

Col. Hersey made a plea for improvement of Mt. Wilson and Sturtevant Trails and the building of additional wagon roads in the forest so that men and apparatus could be rushed in in the event of fires.

It developed that the county and the Forestry Department have in mind a front line fire-break 200 feet wide to extend from the Arroyo Seco to San Gabriel canyon.

Also, there is forest expense, the city, having the site be dedicated.

Office Engineer Hedger, of the county flood control department, spoke of the harmony existing between his department and the forestry officials, in their joint endeavor to protect the forest. He exhibited pictures of January floods, stating that the runoff at that time had increased everywhere from 10 to 30 times because of the lack of vegetation caused by the fire which raged in the same territory last November. A description of the local spreading grounds and debris basins was also given.

Fire Chief W. D. Richards gave an outline of the work of the Angelus Protective Association, and stated that representatives from Sierra Madre invariably attended the meetings of that organization. He explained the function of the local Major Disaster Committee, and its use in case of serious emergency, whether the emergency be fire, flood or earthquake.

Jack Hosford, of the city engineer's office, displayed a map giving the outlines of the watersheds of Bailey, Sierra Madre and Santa Anita canyons, and showed how the present runoff of water would become a menace to the event of the destruction of the undergrowth which now covers the mountain sides here.

Among those presented by Mr. Myers at the meeting were T. Lutes, of Altadena; Ed Udell, of this city; George Armstrong, district ranger; Chief Richards, of the local volunteer department; Joseph Swanson, representing the water department, and Joe Johnson, Sierra Madre-Arcadia District forest patrolman.

COMPOSER TO WINTER HERE

Mrs. Marian Westgarth Richards, composer and artist, who has taken a cottage at 582 Woodland Drive for the winter, has as her guest this week, Mrs. Sadie E. Metcalf, of Los Angeles.

Stand Fast—America!

By Den Walters

WHY do you read the newspapers?

The answer is—and the reply is universal in this free country of ours—because we want the NEWS.

As a nation, we believe in the truthfulness and the integrity of our newspapers.

We rely upon the Associated Press, the United Press, the International News Service, and other well known news agencies to give us the FACTS. As the result of many years of service to us we know that is exactly what they do.

We know our local editors and reporters. They are our neighbors. They belong to our town. They attend their home-town church, lodge, club, Chamber of Commerce and service organizations.

We read the editorials and we accept them as one man's opinion. There may be times when we do not agree with that opinion but we believe that the editor is sincere. After all he may be right—and we usually find that he is.

Thank God that under our Constitution, our newspapers still are free to print the facts and to interpret them in their editorial columns without governmental interference!

But listen—America. That freedom of the press—which means so much to free Americans—is threatened!

It is a threat which may develop into actual censorship which would entirely destroy this freedom—not only of the press but your freedom and mine.

In many sections of the world newspapers are under governmental control—permitted to print only those items which some governmental bureau dictates.

When that time comes, my friends, American liberty is gone.

Is this an idle discussion? Far from it. Certain moves to curtail the freedom of American newspapers have been started. Fortunately, these moves did not succeed. Other efforts to throttle the American press are certain. Whether they succeed or fail depends largely upon you and upon me—as American citizens.

Stand fast—America. Our liberty is imperiled. Think! Just one question. Did you vote at the recent primaries?

STAND FAST, AMERICA, AND CAST YOUR BALLOT.

Woman's Club Notes...

By Mildred Bolms

WITH summer vacations rapidly becoming a thing of the past, thoughts are being turned toward the winter activities prominent among which is the opening of the Sierra Madre Woman's Club, Wednesday, October 10th.

Mrs. A. E. Pulling, a former president of South Ebell Club of Los Angeles, has been chosen to direct the destiny of the local organization. Her worthy-earned reputation for accomplishing outstanding work during the World War period for her club has placed her in the front ranks of club presidents who fully realize what a medium for good the woman's club should be.

These same ideals will characterize the present club administration thus adhering to the precepts the Sierra Madre Woman's Club has fostered since its organization.

Mrs. Victor Schmidt, program chairman, has completed her arrangements for the fall program; and has assembled a most interesting array of artists and speakers.

A typical Turkish luncheon such as is known to the high class Turkish families, will be served at the initial meeting. Mrs. Nancy Virginia Austin will reveal the culinary secrets of the Turkish cuisine and later will talk upon "New Turkey" in the Auditorium.

Roy Graybill, marimba artist, will give fifteen minutes of marimba melodies on the zylphone.

On October 14, the Ways and Means Committee will give a bridge luncheon and fashion show at the clubhouse.

DANCE STUDIO WILL OPEN NEXT TUESDAY

Churchmen Schedule Many Events

Rally Day Will Usher In A Busy Week At The Congregational

These are busy days at the Congregational Church. Tonight, Friday, September 28, there will be a church rally at 7:45 in the main auditorium. Mrs. Ethel Elliott Swan, of Glendale, will read Owen Wister's "Padre Ignatio." The musical accompaniment will be played as well as composed by Mrs. Myrtle McMullen Hill, of Sierra Madre. After the reading a social hour will be spent in the ladies parlors. Refreshments will be served by a committee of ladies.

On Sunday the Sunday School under the leadership of Edwin W. Ward, Jr., superintendent, and his teachers, holds a rally for all departments, assembled in the church at 9:30. Classes will be promoted and the children will perform the pretty ceremony of passing through the gate. Bibles will be presented by the church to the primary graduates and the pastor will give a rally day talk. All parents and friends are cordially invited.

The morning service at 11 o'clock Sunday will have several rally features. The music under the direction of Mrs. Myrtle McMullen Hill will be special and the pastor will preach one of his timely sermons on "The Only Way."

The day will be topped off by a young people's meeting at 6:30 p.m., held in the Intermediate Room with the subject, "New Experiments in Living."

Tuesday, October 2, the Women's All Day meeting will have an innovation in the form of a study hour at 2 o'clock under the leadership of Mrs. R. J. Waters, of Azusa. The general topic of these studies will be "The Teachings of Jesus and the Life of Today." The morning period from 10 o'clock on will be devoted to sewing for the Plaza Home. All ladies are invited for the day or just for the study.

On Wednesday at 7:30 the mid-week services will begin. In keeping with the general study of the church on the life and teachings of Jesus, these meetings will consider the "Conversations of Jesus with Individuals." The first of the series will be "Jesus and John the Baptist."

In A Social Way

MR. and Mrs. Edward E. Schneberger, of North Hollywood avenue, announce the engagement of their daughter, Miss Virginia Wood, to Ernest P. Thomas, of this city, and Ashland, Kentucky. The wedding will take place in October and several pre-nuptial affairs have been planned for this popular young couple.

Miss Cricket Caukin, of 497 West Grand View avenue, entertained about fifty of her friends on Saturday night, the occasion of her birthday, in the Junior Woman's clubrooms. Dancing, games and a lovely birthday cake were enjoyed.

Mr. and Mrs. George Allen, of Los Angeles, were dinner guests of Mrs. Louise Bobb, of 288 Mariposa avenue, on Sunday.

Mrs. George L. Hilbert, of Audubon Park, entertained with a waffle breakfast on Thursday morning for the ladies of the Hartzell Church in Pasadena. Twenty-nine guests were present.

Mrs. Lillian Wheeler and Mrs. R. O. Caukin attended a luncheon at the home of Miss Vida Willis in Los Angeles on Sunday.

Robert Shaffer, grandson of Daniel Shaffer and nephew of Mrs. Albert Wheeler, of 101 East Central avenue, is house guest at the Wheeler home. He will leave this weekend for Stanford University, where he has enrolled for the coming year. He graduated from Pomona College last year.

Mrs. M. R. MacDowell and Dr. Edythe M. Dutcher, of Belle Vue Court, left on Saturday for a two weeks' vacation in Santa Barbara.

Mrs. A. Kurz and Miss Hazel Goodland, of Highland Park, were weekend guests of Mrs. J. E. Woehler, of Ramona avenue.

Following their annual custom, the Los Angeles county Christian Endeavor union's ex-presidents' club met for a porch dinner at the home of F. D. R. Moore, 689 West Central avenue. Places were set for 32 guests. Mr. and Mrs. J. O. Smith were also present. Mr. Smith being an ex-president of the California State union.

Prof. and Mrs. Oskar Selling, of 500 Adams street, entertained with a picnic dinner at their home on Sunday afternoon, for the Friends of Art Club, an organization interested in music, drama, literature and graphic arts. Hans Blechschmidt, conductor for the American Opera Company, was among those who spoke. Mr. Blechschmidt stated that when he came to this country with the German Opera Company, he was struck by the fact that most of the people in audiences were sitting for three hours through performances they couldn't understand. They could tell if a voice sounded well, he said, but as they couldn't understand the words they could not appreciate the feeling put into the words. He predicts that one opera has been established in America as it has in Germany the feeling of the Nation toward opera will change.

Miss Bascha Malinoff sang several songs, accompanied by Mr. Blechschmidt.

Among the 75 guests were Scott Bradley, Hans Blechschmidt, Bascha Malinoff, Meri Armitage, Arthur Kay, Jack Glendower, Glen Ellison, Dr. Carl Omeron, Mr. and Mrs. Le Shippey and Mr. and Mrs. Benn Gutenberg.

Spectators See One Of Season's Most Thrilling Diamond Contests

Baseball bugs who like to hear contact of the ball and bat, and the fielders flying madly and runners scurrying about the bases had the time of their lives Monday night as they watched the Kiwanis nose out the La Colas in a thrilling contest of 13 to 17 in 13 innings. No one-sided affair this, each team thought it had the conflict sewed up half a dozen times and there was all the most rabid fan could do for.

Sierra Madre Girl Has Thrilling Trip On Big Air Liner

Encountering stormy weather which delayed the air liner on which she was traveling five hours, Miss Ruth Klunk arrived home in Sierra Madre Sunday from a six weeks' vacation in El Paso.

The plane ascended to 25,000 feet in order to get above thunder and rain clouds, and Miss Klunk states that the sight was the most unusual and beautiful she has ever seen. Two emergency landings were necessary between the Texas city and the Grand Central Airport.

second. Smith, next man up, although handicapped with a broken finger received earlier in the game, drove a single to left field to score both runners and again tie up the game.

The thirteenth was unlucky for La Cola, the side being retired in one-two-three order, much to the relief of local rooters. Fred LaLone came up in the last half to knock out a double for his fifth hit. Scalzo sent a timely two-bagger into center field to send LaLone over the plate with the deciding run. The score:

Install New Auxiliary Officials

Every Organization In The City Is Represented At The Ceremony

By Helen Lovejoy
Representatives of all the churches, clubs, and civic organizations in Sierra Madre were in the audience that filled the Woman's Clubhouse to capacity last Thursday night to witness the impressive ceremony that inducted the new officers of the Junior and Senior American Legion Auxiliary, Unit 297, into their positions.

President Orelcia Stinman at once announced the chairman of the various activities of the Senior organization, as follows:

Membership, Bertha Irvine; Hospital, Louise Roe Bobb; Child Welfare, Helen Lovejoy and Grace Calkin; Americanism, Maybelle Barker; National Defense, Fidac, Augusta Coats; Ways and Means, Lucile Pickett; Community Service and Disaster Relief, Florence Jensen; Poppy, Corinne Wastun; Publicity, Helen Lovejoy; Parliamentarian, Elizabeth Steinberger; Junior, Marjorie Stinman; Co-operative Sales, Kitty Miller; Education, Lillian Wheeler; Book and Magazine, Edith Woodruff; Radio, Dolly Hill; Inter-Unit Visiting and Past Presidents' Parley, Leila Embree; Hostess, Minnie Stinman.

The whispered "ahs" and "ohs" were evident during this business of naming these chairmen, as they were all surprised to find themselves placed, since Mrs. Stinman gave no names out in advance. Each will be glad to learn all the Department of California has to offer toward making this a good year, and certainly all will help our chairman.

The remainder of September the unit will concentrate its efforts on music and education. Our unit has one of its ex-school teachers as Education chairman. We extend to her our thanks for a well planned program for the installation.

After all the lovely music and honor sharing, the flowers, and awards, citations for our unit, we can understand why these girls are so willing to apply themselves all year in friendly competition with the other districts. The Eighteenth District meeting was attended by Bertha Irvine and Dorothy Shetter. They brought back to us the citation of which we are so proud.

We feel this has been a year of valuable service rendered. We owe a debt of gratitude to the SIERRA MADRE NEWS for its splendid cooperation, and extend not only our thanks but pledge our support.

Junior Women Have New Program Plan

A new program chairman of the Sierra Madre Junior Women's Club will be chosen each month during the coming club year according to announcement by Mary Frances Brain, president of the organization. In the past one girl has assumed the chairmanship for the entire season.

Last night the group's first meeting was held upstairs in the Clubhouse, with Mrs. J. M. Campbell, new advisor, presiding. Other new officers present besides Miss Brain, were Jane Holland, vice-president; Genevieve Paschal, recording secretary; Miss Dorothy Walsworth, corresponding secretary, and Marion Daley, treasurer.

COUNTY FAIR HOST TO JUNIOR WOMEN TODAY

Mrs. John H. Robertson, of chairman of juniors for the Los Angeles District Federation of Women's Club, spoke before the juniors at the Ventura County picnic on Thursday.

Mrs. Robertson is going to the Los Angeles County Fair today with the juniors of this district. It is "Junior Day" at the fair and they will preside over the Federation booth. Miss Angie PerLee will accompany Mrs. Robertson as a representative from the Sierra Madre Junior Women's Club.

The Fall Council of Juniors will be held at the Women's Athletic Club in Los Angeles all day tomorrow. A luncheon will be served at noon.

LOCAL PLAYERS IN BRIDGE TOURNAMENT

A number of Sierra Madreans are planning to enter the series of action bridge and 500 games which will begin this evening at 8:15 o'clock at St. Stephens Parish Hall at Ramona and Garvey avenues, Monterey Park. The series of parties are being given as a benefit. Fifty dollars will be given in cash awards and in addition to this prize for the series there will be the usual cash prizes and special door prize awards each week. The public is most cordially invited.

Chamness Out Now As Champion Of Hugh A. Thatcher

Albert N. Chamness, former mayor of Whittier, and a candidate for supervisor at the recent primaries, has issued a statement strongly endorsing and urging his friends to support Supervisor Hugh A. Thatcher for re-election in this district.

Declaring that Supervisor Thatcher's forward step in reorganizing the flood control district and his plans for more economical administration of county affairs, as well as his relief activities in behalf of the unemployed, merited the support of every clear thinking citizen in the First Supervisorial District, Chamness in his indorsement said:

"Thatcher's forward step in reorganizing the flood control district, eliminating from its affairs political expediency, and his plan for a more economical administration of county affairs, together with a further plan for the restoration of jobless to self support are meritorious and demand the support of every clear thinking citizen of the district he represents."

Fire Flames

By One of the Boys

WITH a good rain on Sunday and the boys home from the C.S.F.A. convention at Santa Cruz, we can now settle down for a winter's business.

Marion Mayes said that George Norris attended every meeting at the convention, so tonight when we meet, we can expect a long session (providing George is allowed to speak). We can rest assured that if there was anything could be done for the benefit of the Sierra Madre Fire Department, George would stay on his feet 'til they ached.

And now with the mornings being very cool, many people will light the heating appliances, some of which may be wood stoves and fire places. Folks should well examine the light weight wood stoves before attempting to light them. The bottom may be very thin and burned out. The flues of the fireplaces may have vines growing unnoticed over the top. These should be removed. Gas heaters with hose connections are dangerous if the hose leaks. If the hose is an old one, it should be replaced with a fresh new one. A bad hose is one of the worst hazards. In cold parts of the country, the worst fires occur during the winter months when the heating of houses is necessary. Very few fires have been caused by over-heated stoves in Sierra Madre, which speaks well for the carefulness of the people here.

Though we have had a light rain, there has not been sufficient to eliminate the fire hazard in the foothills. The fire department urges all to warn their visiting friends or relatives of this danger.

As one of the police officers was passed by one of the firemen, the rate of speed attracted the attention of the "cop," so he stepped on the gas of the speedy police car and hailed the brother fireman, thinking that there was a fire.

"Where's the fire?" asked the officer.

"I don't know," answered the fireman. "Well, in that case, you poor fire eater, you might like to have a friendly confab with the Judge," and the fireman was given a little note to the judge. Now there is bitter enmity and a possibility of a physical combat at the fire headquarters tonight, so it might be a good idea to pick sides.

GARDEN NOTES

By Jessie Ward Russell
Landscape Gardener

FOR flowers for winter, plant the following now— Sweet Peas, Stocks, Snapdragons, Calendulas, Pansies, Violas, and Petunias. The Sweet Peas should be planted by seed, the rest by young plants.

Beds should be prepared and fertilized before planting. Winter flowering plants want full sunshine.

Plant a few bright colored Watsonia bulbs for late winter

bloom. They are very easy to grow and increase rapidly.

October is a good month to put in new lawns or to renovate old ones. Also a fine time to plant out new shrubbery and ornamental trees.

Stake up Chrysanthemums and if you will have large blooms, disbud now or as fast as the buds develop so that you can choose the buds that should be removed. Give the plants plenty of water now and some commercial fertilizer.

Sweet Pea seed after planting should be protected from the birds by placing strips of netting or screening over the seed so the birds cannot get at the seed which they will dig out of the ground if unprotected.

Dahlias, Zinnias, Delphiniums, Statice and Roses would appreciate a dusting of sulphur to prevent mildew these fall months.

Now, before the rains set in, is a good time to spade organic matter such as straw, coarse manures, weeds and discarded garden plants into the soil to be used for next year flower and vegetable gardens. As such material decomposes, it becomes humus. A liberal supply of humus improves the soil texture, encourages the growth of bacteria, serves as a sponge to hold the moisture, liberates plant food elements and in many other respects is beneficial to plant life. The winter rains will hasten the decomposition.

Greatest Of County Fairs Ends Sunday

Characterized as the most successful of all, the thirteenth annual Los Angeles County Fair combined with Riverside and Orange County fairs, today entered the home stretch with an enviable record for attendance, and number, variety and quality of exhibits. The colorful programs for the closing days are expected to carry the attendance over the half million attendance goal set by officials.

There are many features which have made the exposition outstanding this year. Primarily the fair is staged as an educational exposition. That it has succeeded in this is evident from the great number of educational displays and the participation of so large a number of 4-H clubs, Boy Scouts and other organizations of young people. The junior fair with its 200 000 more entries is an outstanding feature of the exposition.

Perhaps no one feature has caused greater comment this year than the beauty of the grounds. By the use of emergency relief labor the 175 acres were transformed into a magnificent exposition park which bids fair to rank among the show places of Southern California.

The fair will come to a close at midnight, Sunday, September 30th. Today has been designated as Los Angeles County School day.

OES To Celebrate Its Anniversary

THE next regular meeting of Chapter 299, Order of Eastern Star, will be held on Monday evening, October 1st. In celebration of the chapter's anniversary, the hostesses for the evening, Mrs. Dola Ann Black, are extending an invitation to all past matrons and patrons of this chapter to attend.

The Star Social Club met at the Masonic Temple last Monday afternoon, when plans were completed for the County Fair being sponsored by the O.E.S. on October 6th. Mrs. Edna Estep Holland was hostess for the afternoon.

DICKENS CLUB TO MEET

The Dickens Fellowship Club will hold its first meeting of the fall season on Thursday, October 4, at the home of Miss Edna R. Green, 66 East Laurel avenue.

This Newspaper and Three Leading Magazines May Be Had all for \$2.75 per year.

11 Sierra Madreans
On Muir Tech Roster

Eleven students from Sierra Madre are attending John Muir Technical High School which opened on September 17 with an enrollment of over 1300. Officers of the various classes are acting as student body officers while conducting the organization of a new student body government. The administration decided not to transfer any junior college unit to Muir Tech this year, as reported at the close of the last semester, but to relieve Washington Junior High School of part of its ninth and tenth grades instead.

School activities were made financially easier this year by means of a \$2 student body fee which eliminates individual class dues, gym locker and towel fees. It entitles the student to admittance to all league games, part payment of non-league games, a copy of every issue of "The Trail Blazer" (school paper), a fifty-cent discount on the year book, privilege of voting at student body elections, and a reduction in admission to school dances and dramas.

The following students from Sierra Madre are enrolled at the school: Vivian Bailey, Ethel Lauber, Twila Stinman, John Bridgeland, John Kennedy, Bruce Smith and Eddie Ranahan. GOODCELL-SHERMAN
OUT FOR HATFIELD

Judge Rex B. Goodcell, of Los Angeles, runnerup in the Republican race for nomination as Lieutenant-Governor and Albert E. Sherman, another defeated candidate in the same race, this week announced their support of George J. Hatfield, nominee. In a telegram to Hatfield, Judge Goodcell said:

"You are the only candidate for Lieutenant-Governor in the pending contest that believes in our present form of constitutional government and to whom can safely be entrusted the maintenance of American ideals and standards in California."

"The Socialist candidate would substitute for those ideals and standards the dictation of political overlords and completely destroy the individual's now constitutional right to believe in himself and to make of himself all that he has the mental, physical and spiritual strength to be."

Of Course You Have Gas Heat BUT are your heating devices MODERN?

It may cost you less to have adequate heat in every room with modern natural gas furnaces or heaters than to have them heated only in spots with obsolete equipment. In any event, efficient heating units contribute to your family's winter health and comfort.

Consult your gas company or merchant now for free advice on heating problems. And remember that every approved gas heating device bears this seal (in blue) for your protection.
